

October 15, 2020

Brothers and Sisters,

Hope you and your families are doing well.

I'm writing to you today regarding this month's Local One meeting.

Our October meeting will take place **\*\*TONIGHT\*\*** (Thursday, October 15) at 7:00pm. We will live-stream the meeting from downstairs via YouTube Live -- just like our last meeting.

Along with our officers' reports, this month's meeting will include an important presentation by Local One's Safety Committee focused on on-the-job fatalities. As always, ensuring our members return home from work safely is Local One's top priority. That said, this presentation will highlight vital safety protocols and procedures.

A text message that contains a link to access the meeting will be sent your way around 6:30pm. If you have any questions you'd like answered during tonight's meeting, please email them to [localonecovid19@gmail.com](mailto:localonecovid19@gmail.com). Local One officers will address your questions during tonight's livestream.

I very much look forward to speaking with all of you tonight.

Stay Interested, Involved and Informed

Be safe,

Lenny
