INTRODUCTORY LETTER TO PARENTS AND GRANDPARENTS

November 2017

Dear Parents and Grandparents,

The Plumbing Industry Promotion Fund of New York City offers scholarships to eligible and qualified persons in New York's Plumbing Industry.

Scholarship selections are made by an independent committee of distinguished educators from the field of higher education whose training and experience qualify them to evaluate the applicants.

We ask you to please read the rules and regulations, but equally important, have your children/grandchildren read them.

Do not miss an opportunity to participate in this program.

This scholarship information is also available on the Association of Contracting Plumbers' Web Site - acpcny.org.

Sincerely,
